

PostcodeSoftware.co.uk :: Terms and Conditions

This is a legal agreement between you and John Stephen Consultancy Ltd t/a THESAURUS TECHNOLOGY ("THESAURUS TECHNOLOGY"). You are licensed by THESAURUS TECHNOLOGY to use its Postcode Software product ("Postcode Software") only on the terms set out below. Please read this agreement carefully: it contains important commercial and legal terms. Installing Postcode Software indicates that you accept these terms.

Single Copy Licence :: THESAURUS TECHNOLOGY grants you the right to use one copy of Postcode Software on a single computer, or such other number of copies as you may have purchased. Postcode Software is in use on a computer when it is loaded into the temporary memory (i.e. RAM) or installed into the permanent memory (e.g. hard disk CD ROM or other storage device) of that computer. If you require to use more than one copy of Postcode Software at a time then you must purchase the appropriate number of additional licences. If you have purchased additional licences then you may have as many copies of Postcode Software in use as you have licences. The number of persons using Postcode Software must not exceed the number of licences.

One Year Licence :: This licence has a duration of one year from the date of registration of Postcode Software. In order to activate Postcode Software, you must register Postcode Software with us by telephone as described in the installation procedure. Alternatively, where you have purchased Postcode Software over the Web, you will receive the necessary activation codes at the point of purchase. After one year Postcode Software will automatically cease to function. In order to reactivate Postcode Software you must purchase a further copy from us and register you details over the telephone, or, in the case of Postcode Software purchased over the Web, activate the new copy over the Web as described above. Postcode Software will prompt you to purchase a subsequent copy fourteen days before its expiry. The cost of renewal will be advised at that time and include an update to PAF.

Copying and Use :: You may make one copy of Postcode Software for backup purposes only. You must not sell or otherwise deal in Postcode Software, or alter or reverse compile Postcode Software.

Limited Warranty :: Where you have purchased Postcode Software on CD-Rom, THESAURUS TECHNOLOGY warrants that the disks upon which Postcode Software has been supplied are free from defects in material and workmanship in normal use for a period of 90 days from the date of purchase. In the case of any such defect, THESAURUS TECHNOLOGY will replace the defective disk(s) upon receipt of the same from you.

The software and data contained within Postcode Software are provided "as is" and THESAURUS TECHNOLOGY does not warrant the results of use of Postcode Software in terms of accuracy, reliability, current or otherwise. The liability of THESAURUS TECHNOLOGY is limited to the price paid by you for Postcode Software.

Entire Agreement :: This licence, which includes the Post Office Licence to follow, is the entire agreement between THESAURUS TECHNOLOGY and yourself and supersedes any prior agreement of communications between THESAURUS TECHNOLOGY and yourself prior to the purchase by you of Postcode Software.

Governing Law :: This agreement is governed by English Law and the parties submit to the jurisdiction of the English courts.
